

AquaBLAST

The Pinnacle of Water Shows!

AquaBLAST produces an impressive water column effect. The system features a 1 ½" water inlet, and its specially designed outlet creates the illusion of a much thicker water column during the show. Additionally, various numbers of AquaLIGHTs can be assembled to make the show even more spectacular at night.

- ✓ AquaLIGHT (Optional)
- ✓ Robus Stainless Steel Body
- ✓ Water inlet 1 ½" NPT Female
- ✓ The Diameter of water column 133mm
- ✓ Concentric Double Row Designed Top plate

AquaBLAST
