

# AquaLIGHT 112 C

Single Light Option with White Variants

Our proven lights are equipped with energy-efficient LED plates that offer effective illumination. AquaLIGHT 112 C comes with a single light option in various shades of white (wW, W, cW). This robust light enhances brightness in dark areas and is suitable for larger fountain systems. It effectively lights up individual fountains and water features. Furthermore, these vivid colors reach their full potential when combined with the AquaVARIO and AquaSWITCH systems, creating efficient compositions in open space fountains.

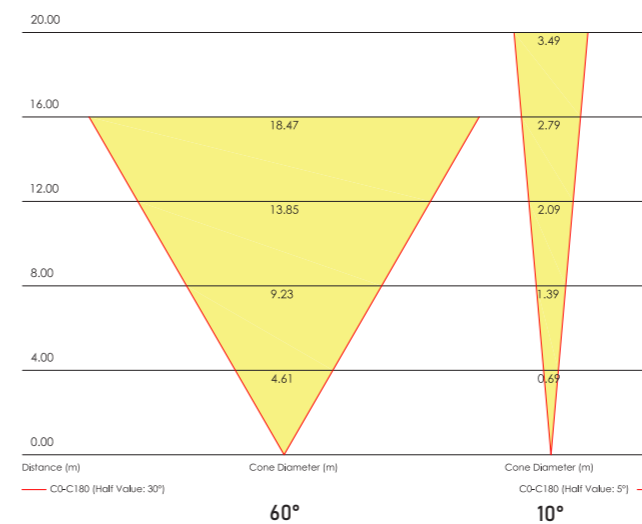

- ✓ CREE / Edison PowerLED
- ✓ Driver circuit onboard
- ✓ Aluminium PCB
- ✓ IP68
- ✓ Robust stainless steel
- ✓ Tempered glass
- ✓ DMX + RDM controlled
- ✓ Synchronorm Dependence Library available

# AquaLIGHT 112 C

## Lighting Angle:

! In lighting, choosing the lens angle is as important as selecting the color or wattage. Small angles retain brightness at long distances, while wide angles cover larger areas but lose brightness over distance.

## DryDECK Options :

- ! Top Plate Round Ø 200 with AquaLIGHT 306C
- ! Top Plate Round Ø 280 with AquaLIGHT 306 C and Top Plate Holder.
- ! Top Plate Premium 30x30 with AquaLIGHT 306 C and Top Plate Holder

## ACCESSORIES

| PRODUCT           | ORDER NO |
|-------------------|----------|
| BlackBox :        | 5022     |
| Combo Cable :     | page     |
| ByPass Terminal : | page     |
| Comet Nozzle :    | page     |

AquaLIGHT 112 C is equipped with a combo cable that connects to the powerBOX. Furthermore, this powerBOX is linked to an extension cable that can be up to 80 meters long. Ultimately, the entire system is integrated with the animation controller located in the mechanical room.
